## College Fears?

What if I pick the wrong school? What if I don't get accepted to where I want to go? What if I don't do well in college? Can I afford it? Will I make friends? Will I lose my faith in college?

At this weekend seminar Alex will discuss those fears and lay out a practical approach to prepare for college. Including how to:

- ▶ Select a school and major
- ▶ Excel academically
- ▶ Practice financial wisdom
- ▶ Thrive Spiritually
- ▶ Develop beneficial not detrimental friendships
- ▶ Keep your family close, despite the distance

We will also hear from several other local experts and have time to address questions that you are contemplating.
